WHAT SOLUTION CAN WE OFFER?

01. AIR TRANSPORTATION

Our air freight service offers you a real competitive advantage. We organize a smooth airfreight for you and take care of documentation, packaging suitable for transport, transport insurance as well and important customer formalities. Whether urgent sample shipment, regular freight, or essential spare parts, from envelop to charter of complete cargo aircraft.

02. SEA TRANSPORTATION

We offer flexible solutions for sea transport and tailor our services entirely to our customer's requirements. Though we understand that speed is not the top priority for our customers who opt for Sea transportation, we make speed nevertheless, we achieve maximum efficiency and best capacity utilization when transporting your sea freight shipment.

03. LAND TRANSPORTATION

We offer our customers the most efficient and innovative land transportation services according to the cargo characteristics and with our delicate transportation system, we promise safe, speedy, and reliable services including delivery, storage, and handling, while constantly improving the quality of our transportation operations.

04. WAREHOUSE SERVICES

We provide various additional services in cooperation with distribution sites located around locations of major bases. To reduce our customers' product storage costs, we strive to provide customers solutions that support distribution and processing services such as acceptance, inspection, classification, repackaging, and labelling with barcodes along with coordination of storage and shipping which enables timely delivery.

Moreover, being an effective partner of our customer means more to Xerin than simply moving the cargo from point A to point B, knowing that we add an important aspect to the effective import, export, and transport of our customer's cargo which is services long- and short-term storage. These Tailor-made solutions are available on request so that can maintain superior levels of service in a real, practical way that makes a difference.

05. MACHINE PLANT HIRE

We are committed to providing integrated logistics solutions for equipment, construction material and machines while sustaining efficiency and mutual relationships that propel business growth to our customers. We have incorporated continuous performance improvement programs to enhance effectiveness and efficiency in machine and equipment service delivery and overall performance excellence while complying with statutory and regulatory requirements in the context of our business to help you deliver your project safely and on schedule.

06. IMPORT SERVICES

We provide import clearance from the moment cargo arrives from overseas by ship or plane to deliver to the doorstep of the customers. We handle all processes from cargo inspections and the import declaration procedure to tax filing and tax paying while overseeing the compliance of the shipment. We involve customers in each step for their information and management.

07. EXPORT SERVICES

Our export services team navigates the latest regulations, minimizes paperwork, expedites transit, and lowers shipping costs with truly personalized service to cater to each customer. Empowered with affluent industry adeptness and expertise, we are indulged in rendering export services to the market while supplying customers wishing to export goods with the deep knowledge and experience of our export professional services.

08. CONSULTANCY SERVICES

Our skilled and experienced team provides the expert insight and resources the customers require to manage the entire process of their business, and project works, from feasibility studies to engaging suppliers, health and safety, and ongoing management supports.
